

Scheme Walkabout – Thurston Way

Date Completed: 23rd September 2026

Residents in Attendance: 1

Results

Issues Identified	Update
BIN ALLEYWAY – Rubbish and weeds were found in the rear bin alleyway, and the gate lock was damaged.	The Property Team has cleared the bin alleyway, including removing the weeds and rubbish. The damaged lock will also be replaced.
FRONT AREAS – Several items had been left outside properties, including rubbish bags and a bed base, which were reported to have been there for some time.	This has been passed to the Housing Team.
FRONT DOOR – The front door of one property looked faded and required repainting.	This has been passed to our painting and decorating contractor, who will restore the colour of the door.

We are monitoring the actions above to ensure that the issues raised are addressed. Please contact us if you would like to discuss any of these matters in more detail or if you are not satisfied once the work has been completed.
